TO: All Statistical Submission Coordinators

Decommissioning of AISI Registration Website

Effective September 1, 2012, the Auto Insurance Standard Invoice (AISI) registration website will be decommissioned. This site has been used in the past by health care facilities and providers billing Ontario auto insurers for services and goods supplied to auto accident victims. It has also been used by insurers to verify that provider information is correct.

With the introduction of the Health Claims for Auto Insurance (HCAI) system with its own facility and provider registration processes, there is no further need for the AISI registration site.

This communication provides six months' notice of its decommissioning.
