

DATE: October 18, 2013

BULLETIN NO: 2013-11

TO: All Reporting Companies, Chief Executive Officers, Financial Information Coordinators, Statistical Submission Coordinators and ABR Contacts

RE: **Release of Private Passenger Automobile (PPA) Financial Information Report**

The General Insurance Statistical Agency (GISA) is releasing the Private Passenger Automobile (PPA) Financial Information Report.

As you are aware, GISA has started collecting automobile insurance financial information from insurers in addition to the ongoing data collection under the Automobile Statistical Plan (ASP). The required 2012 financial information was submitted by your organization earlier this year to GISA's statistical service provider, the Insurance Bureau of Canada (IBC).

GISA is releasing the industry-level jurisdictional PPA Financial Information Report for industry use. The report can be accessed through the GISA Exhibit eLibrary on the GISA Portal under the Publication ID REPT0001 – GISA Automobile Financial Information Report for the English version of the report. If you do not have access to the eLibrary, please complete the attached form.

The GISA website, along with the GISA Catalogue of Statistical Exhibits, will be updated to show that the PPA Financial Information Report is available. The general public can request copies of the report starting October 31st.

If you have any questions, please contact GISA at gisa@fscs.gov.on.ca.
