INDUSTRY PROFIT AND LOSS REPORT  
PRIVATE PASSENGER AUTOMOBILE (PPA)**

The General Insurance Statistical Agency (GISA) is releasing the 2013 Financial Information Industry Profit and Loss Report for Private Passenger Automobile (PPA).

This is the second year that GISA has collected automobile insurance financial information from insurers in addition to the ongoing data collection under the Automobile Statistical Plan (ASP). The required 2013 financial information was submitted by automobile insurers earlier this year to GISA's statistical service provider, the Insurance Bureau of Canada (IBC).

GISA is releasing the industry-level jurisdictional PPA Financial Information Report for industry use. Registered industry users and representatives from participating reporting companies can access the electronic versions of the Financial Information Report through the online GISA Exhibit eLibrary via the [GISA portal](#) under the Publication ID AUTO9501 – GISA Automobile Financial Information Report for the bilingual version of the report. For non-registered users, complete the [Order Form](#) found on the GISA website at [www.gisa.ca](http://www.gisa.ca).

The GISA website, along with the GISA Catalogue of Statistical Exhibits, will be updated to show that the PPA Financial Information Report is available.
