FINANCIAL INFORMATION REPORTING – FI-Main

With the evolving COVID-19 situation, our first priority is the safety and health of our staff, those we work with and our families. While our staff are working remotely, they continue to be available by email, phone and conference calls to support you. GISA continues to operate with an emphasis on our core business functions.

As many businesses are operating remotely and responding to new operational challenges, GISA reviewed the reporting due dates for the FI-Main data submission. With due consideration the current operational environment, the maturity of the data submission process and relative importance of the exhibits to regulators and industry, GISA is adjusting the reporting due date of the FI-Main by 30 days, to **May 1, 2020**. The FI-Main includes the Financial Information (FI) tab for automobile and the Annual Balance Reconciliation (ABR) for automobile and commercial liability. As a result, we expect that the corresponding exhibits will be delayed by two weeks.

We will continue to monitor this very fluid situation and communicate with reporting companies as appropriate. Should you have any questions, please contact GISA at gisa@fsrao.ca or GISA's Statistical Service Provider at FI@IBC.CA.
